

CL100 Louise

Handles & Locks for Sliding Doors

The **Louise** range of door hardware is specifically designed to work with the **CL100 Mortice Lock**. It can be factory fitted to our **CS NewYorker** glazed doors or the **CS AluTec** aluminium door.

The 190mm long face plates of the Louise can be the same on each side of the door or different, depending on the configuration required.

The Louise can be set up to as latching only, security with key access or for privacy (such as a bathroom) there are many options available.

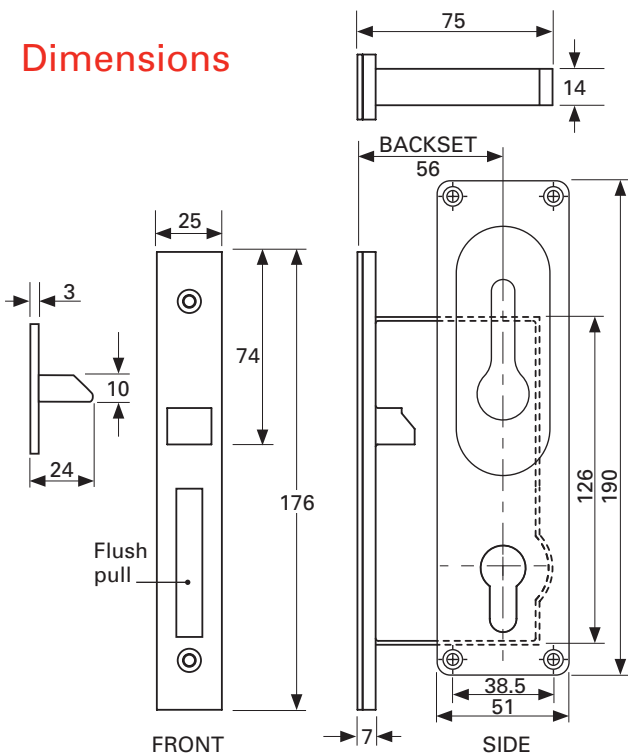

Requires minimum door thickness of 37mm.

Finishes available: SCP or PB.

Dimensions

Each Louise plate has a recessed edge pull with a lever if required to release the latch. The bottom half has one of the following:

- A** Plain finished plate
- B** Slide locking button
- C** Emergency release
- D** Euro Cylinder

These side plates can provide a latching function along with:

- Key/Key (Locking)
- Key/Blank (Locking)
- Slide Lock/ Emergency Release (Privacy)
- Blank/Blank (Latching only)

Flush Pulls

All CL100 Lock Cases come with the option of a built-in Flush Pull in either Stainless Steel or Brass.

This Flush Pull is designed for use on doors which slide completely inside a cavity pocket.
